

Paper Bag Scarecrow Puppet

Things you are given:

- Brown paper bag
- Scarecrow template
- Red, brown, orange, yellow and pink construction paper

Things you will need:

- Scissors
- Glue
- A pencil for tracing
- A black marker

Optional: Cut out all pieces of the Scarecrow template.

Step 1: Cut out and trace the hat on brown paper and the long rectangles on yellow paper. Assemble the hat by gluing the straw hair to the sides of the hat.

Step 2: Glue the completed hat to the top of the brown paper bag. In order to leave enough space for the face pieces, only glue about 1" of the hat to the bag. The rest will hang off the top.

Step 3: Cut out and glue the eyes just below the hat. Cut out a triangle from the orange paper. Glue the triangle nose below the eyes. Cut out 2 ovals from the pink paper and glue to each side of the nose.

Step 4: Using the black marker, draw the mouth from one cheek to the other cheek, just underneath the paper bag flap. Draw lines along the smile.

Step 5: Using the red paper, cut it to fit the bottom of the paper bag. Trim the top end to be rounded, like a collar. Glue this into place beneath the smile.

Step 6: Glue the orange square to the middle of the shirt. Use the black marker to draw hashed lines along the square to give it the appearance of being stitched.

Happy Thanksgiving!
